About

I am an interaction designer—or perhaps just someone who loves to tell stories about human, technology and life.

Work experience

2025	Physical UX Design Intern at Volvo Cars Göteborg, Sweden
	At Volvo, I worked in the Physical UX team. I designed and prototyped the physical interactions for the next generation of cars. I mostly worked with haptics, along with been involved with other projects like accessories and steering wheel.
	More about my work (click here).
2023	Ux designer at OPPO Shenzhen, China
	I was a user experience designer of the multimedia tribe. My work covered photo gallery, audio settings, Omoji, and handwriting toolkit in ColorOS. I've contributed to optimising foundational user experiences and developing creative concepts from versions 13.0 to 14.0.

Education

2023 - Now	MFA in Interaction Design at Umeå Institute of Design Umeå, Sweden
	Student of Ixd2
2016 - 2020	BE in Industrial Design at South China University of Technology Guangzhou, China
	Student of Information and Interaction Design
